

Business For Sale

6,581 Sqft - Langley, British Columbia, Canada

Property Description

This aluminum manufacturing business has been in operation for over 25 years with two locations in British Columbia and Alberta. Wherever residential or commercial sunrooms, coverings or enclosures are needed, this manufacturing business is the premier firm in the industry. The company has carefully systematized its estimating, sales, installation and quality control processes with first class information systems and financial control structures. Owner will remain and train for up to 24 months in transition period. Complete financials, contractor records, monthly sales and client contracts available.
